

DUTCH VILLAGE "ONS DORP"
Retirement Village & Care Centre

Grapevine

From the Desk
of the Village General Manager

Hi all,

COVID-19 increase in cases

As some of you may have read in the New Zealand Herald or seen on the Television news there has recently been increased reported cases of COVID-19. For example in the last week 6,814 new cases were reported in NZ. In recognition of this Rajender Gill the Clinical Manager has organised for the 4th booster from Walls and Roche Pharmacy to be dispensed on Thursday, 30 November in at the Care Centre.

If you were unable to get to the vaccination day, you can go to your local pharmacy.

Water coming under Garage Doors

Over the last month we have had a few more residents approach Reception about water still getting underneath their garage doors onto the carpet. If this is the case with your Villa please call me directly on my mobile phone: 0274 136 213. I will then arrange for members of the Works Committee to visit your villa to assess what work need to be done (at the Village expense to fix this for you).

Sale of Villas.

Villa's 44 and 61 are now under contract. Both sets of buyers have houses to sell before they can make their purchases unconditional.

We have also had few buyers interested in Villa 15. Bryce and Missy have done a great job on the refurbishment, as it was in it's original state from 38 years ago - as a result we have had very positive feedback from buyers.

2023 Residents Annual Satisfaction Survey

This survey (it only takes 3-5 minutes to complete). Your completion of this provides valuable feedback to the management to enhance the quality of services we provide.

Gary Williams: General Manager

Stay safe this summer...
 ... on the roads
 .. at your home
 ... on your digital devices

Enjoy the summer days!

A NOTE FROM KARIN VERBEEK

While I am going through Breast Cancer treatment I may not be available some days, however if you contact Russelle at Reception (who will be my admin support) she will be able to help to solve any of your issues that cannot be solved while I work from home.

Thank you for all your support, Karin
